## COURSE OVERVIEW

This course teaches the core features and functions of Windows 7. You will learn how to use the Start menu and taskbar, move, and resize windows, create and manage files, folders, and libraries, edit file metadata, and search for content on their computers. You will also create shortcuts, use gadgets, and change system settings. Finally, delegates will use Microsoft Office Word, Excel, and Outlook.

## DELIVERY METHOD

Our courses have flexible delivery options:

In-person classroom training at the Impactful training facilities

Johannesburg, Durban, Cape Town

Virtual instructor-led training

Alternatively: on-site at the client

**IMPACTFUL**  
Powered by LRMG
